

Activating your MySchoolApp account.

The first step is to get mySchoolApp on your phone. The easiest way, is to use your phone to search on the App Store (Apple) or Google Play (Android) for mySchoolApp. When you have downloaded mySchoolApp to your device (phone or tablet) there are just a few things you need to do, to ensure you can get the most from the app.

Login to the school:

On the opening screen enter the school name. Once you have entered a few letters, the app will give you some suggestions. Tap on the correct school name and you're logged in. You only have to do this once, mySchoolApp will remember your school automatically in future.

Registration:

Once you have selected your child's school you'll be requested to register your details and create your own Password, (your password should include: 6 characters minimum, 1 capital letter and 1 numeral) which is private. This, (orTouch/Face ID) will ensure secure app features, are used by the registered parent and carer only. You'll then be asked to read and accept our Terms & Conditions and Privacy Policy. At this point we will send you a verification email, click the link on the email and return to the app.
