

My Own Alien...

LESSON 4

Design your own alien and create a fact file.

Draw a detailed picture of your alien first. Then write down as much information about your alien as you can...

What does the alien look like?

Can it communicate and if so, how?

What noises does it make?

Where does it live?

What does it eat?

What is its personality like – is it friend or foe?

Suggested Year 3 Task: Write at least 8 facts about your alien

Suggested Year 4 Task: Write at least 10 facts about your alien.

LESSON 5

Write a detailed description of the alien you designed yesterday.

Remember everything we have learned about expanded noun phrases and powerful adjectives this week – use a thesaurus if you need to.

Write in full sentences, ensuring that you are including accurate spelling and punctuation.

Try and read your description to someone so that they can help you to check it makes sense.

Year 3 and Year 4: Write as much as you can, as well as you can!
