

Subtract with 2-digits (1)

Problem solving and reasoning cards:

Kat has 12 marbles.
Mo has 36 marbles.
Beth has 28 marbles.

Express your answers as number sentences:

- How many more marbles does Beth have than Kat?
- How many more marbles does Mo have than Kat?
- How many marbles does Beth and Mo have in total?

Complete the column subtraction problems.

Create your own for a partner to solve.

□	7	-	□	3	=	44
---	---	---	---	---	---	----

What numbers could go in the boxes?
Write number sentences to show this.

7 tens + 8 ones	-	5 tens + □ ones	=
-----------------	---	-----------------	---

Che has 27 pencils.
Sue has 68 pencils.
Dom has 14 pencils.

Express your answers as number sentences:

- How many more pencils does Sue have than Che?
- How many more pencils does Sue have than Dom?
- How many pencils does Che and Sue have in total?

The missing number of ones is less than 5.

What is the largest total you can make?

What is the smallest total you can make?
