

### Art Skills

Our Year 6 children have been learning how to produce the effect of light and dark using a range of media. Once they have learnt the techniques they will have the opportunity to experiment and use their new skills to express their own creativity. The children found this exercise really challenging and we were so proud of their perseverance.

## The Big Read

The Big Read Fortnight is taking place between 24 February and the 6 March this year with World Book Day taking place on the 5 March. Can't Wait!

## Sunny Afternoons

The children at The Coombes love to learn and play outside. Though being cold, once well wrapped up, it was so lovely to be able to spend time, learning and playing in the sunshine. Despite investment in some fabulous new play equipment, our children still found a lot of joy from standing and playing in the half frozen mud. One of the children told me how the mud had changed since last week and asked if I had 'got in some new mud'. It was the start of a very entertaining conversation.
