CE Primary School

Travel Plan

Date: May 2019
Review Date: May 2020

A love of learning grows here

1.0 Introduction

The Coombes Primary School is located on School Road, South West of Reading with catchment shown in the map below. We attract children from Arborfield, Shinfield and Wokingham. The school currently has 420 children on site between the age of 5 and 11 plus a very active nursery.

At The Coombes we are very fortunate to be surrounded by beautiful countryside and many walking and cycling routes. Many of our children walk, scoot or cycle to school which we actively encourage. The Coombes has a cycle/scooter rack located outside KS1.

As a Rights Respecting school, we want our community to feel safe, therefore we have developed this plan to provide information to families on how to travel to the school safely. Please read this document carefully and consider your travel options to school.

2.0 The Purpose – What is a Travel Plan?

A Travel Plan is a document which encourages people to travel to our school in a sustainable, active and safe way. The travel plan supports walking, scooting and cycling as the most sustainable forms of transport. Although walking, scooting and cycling are a good choice for the environment, and improves air quality at the school gates. There are lots of other benefits too including:

- Fitness - Leaving the car at home and walking, scooting or cycling to school will provide great health benefits for all family members.
- Road safety skills - Being able to make the journey on foot or bike will provide ideal opportunities to learn essential road safety skills that many young people who are driven by car are lacking.
- Social skills - Walking to or from school, provides a great opportunity to talk; either to friends or family members; about what pupils have been up to, or possibly any problems they have.

A love of learning grows here

- Safety - More people walking, scooting and cycling means less cars on the road and at the school gate making a much safer environment for everyone

This document has been created to make it clear the expectations The Coombes Primary School holds in relation to travel to their site. It is the responsibility of parents/ carers to read and understand this information. Anything that is not clear can be discussed with the school.

3.0 Action Plan

This document is a living document that is reviewed and updated annually. The overall aim of the plan is to create safer journeys for those travelling to and from The Coombes CofE Primary School.

Action	How to achieve this	Responsibility
Encourage responsible parking. Promote safe, sustainable and active travel to school. Monitor travel to school.	Communication with parents over appropriate parking locations in order to create a safer school gate environment.	HT/Parentmail
	Tap into existing resources and events such as The Big Pedal, Walk to School Week, Road Safety Roadshows.	HT/SOM/KS1 & KS2 LEAD
	Complete annual survey via data collection sheet to review travel patterns to school.	HT/SOM/Office Manager

4.0 Travel Surveys

Every September The Coombes Primary School collect data on how children travel to school and we are aware that active travel; walking, scooting and cycling is on the decline and driving levels are increasing. This is particularly noticeable in the autumn term and in inclement weather.

5.0 Map of the school grounds

Below is a map of the school grounds. Parking for staff and taxis bringing children to school is located in the pink areas. The blue area shows the drop off zone for parents; please do not leave your car unattended here and the red line shows the pedestrian crossing opposite the main gate. Please do not park on the double yellow or zig zag lines so that children have a safe place to cross with full visibility of oncoming traffic.

A love of learning grows here

If parking in residential areas near the school, we ask that you consider our neighbours and park considerately at all times keeping drives and access routes clear. The **yellow area** shows the scooter park in the KS1 playground.

There will always be congestion around the school, especially around drop off and pick up times, so we politely ask you to plan your route from home using all available paths and crossing facilities to help us reduce traffic in this region. The Royal British Legion located minutes away from school is a designated park and stride location to reduce congestion at the school gate. We actively encourage you to park there and make the last few minutes on foot or bike to the school gate.

6.0 Advice for travellers

A love of learning grows here

Tips to keep you safe when **walking** to school.

- Plan your route to school at home first. There are many path networks within the area with many crossing facilities – zebras, pelican and islands, try and make use of these and plan a safe route.
- Find a good place to cross. This should be away from parked cars and have good visibility in both directions.
- Be bright and be seen, the more you stand out the more drivers will see you and slow down.
- Be aware of possible future developments on the relief road, this may mean the presence of heavy vehicles and building works.
- Be careful of driveways and narrow entrances - Stay alert and pay attention at all times. Avoid talking to others or using a mobile phone whilst crossing.

Crossing the street safely 1) Stop at the curb or edge of the street. 2) Look right, look left then right again. 3) Wait until no traffic is coming and begin crossing. 4) Keep looking for traffic until you have finished crossing. 5) Walk, don't run across the street.

Tips to keep you safe when **cycling and scooting** to school.

Where children can do so safely, we actively encourage children to bike or scoot to school. Please feel free to bring your bike or scooter and make use of our storage facilities. However, the school cannot take any responsibility for any bikes or scooters left here so you will need to bring a lock.

- Please wear a helmet and wear something bright
- Ride in a position you can see and be seen
- No cycling or scooting in the playground and consider other pedestrians around the school gate
- Maintain your bike. Check your brakes and tyre pressure, some good guides can be found online.
- Be considerate of others on the paths around the school, use your bell on your bike is necessary to warn pedestrians you are there.

If you are taking the car, you can help by:

- Planning ahead and giving yourself plenty of time in order to account for any unexpected delays. Please give yourself time to find a responsible place to park.

A love of learning grows here

- Park and stride – parking 5 or 10 mins away from the school will hugely help in tackling congestion.
- Keeping your speeds low
- Do not park in yellow lines or other parking restrictions, in front of people's driveways or on grass verges.
- When parking at the school, please make use of car parking facilities. If none available, please think carefully about where you are parking so your car is not causing a road safety concerns for others by blocking crossing opportunities or reducing visibility of the road.
- Do not park in front of the drop kerbs on School Road. This is where pedestrians are encouraged to cross and it is difficult for them to do that if cars are parked in the way.

Parking is discouraged directly outside the school entrance.

7.0 In Summary

The Coombes has grown dramatically over the years. We recognise that the school roll at The Coombes Primary School is increasing, and that parking at the school is limited. More parents and carers are accessing the school at pick up and drop off time. It is therefore vitally important that we realise the roads around our school are increasingly busy and we must all play a role in keeping everyone safe. We know families have their own priorities; work, childcare, school, clubs and activities. The car can play an important role in society but as a school we do not accept safety being put at risk to satisfy individual convenience.

For us, safety will always come first. Thank you for reading our travel plan. Please share it with your children. We ask that you make safe travel decisions when travelling to and from our school.
