

Knowledge Organiser for Year 3/4 (ICT)

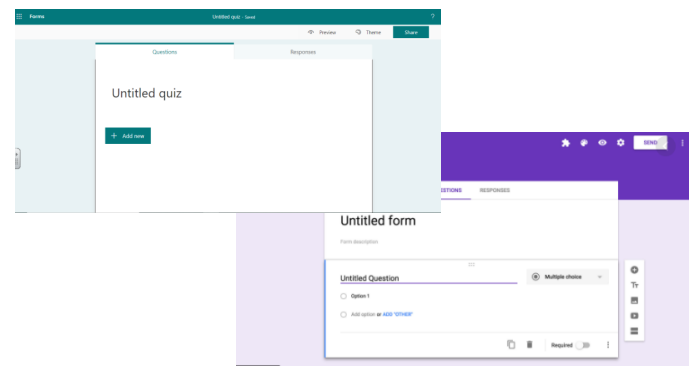

Key idea: Creating an Online Survey

Tier 3 Vocabulary	
Survey	A survey is a list of questions aimed at extracting specific data from a particular group of people
Digital Footprint	Is your unique set of traceable digital activities, actions, contributions and communications on the Internet or digital devices.
Software	Software is a program used to complete specific tasks.
Tier 2 Vocabulary	
Graph	A graph can be defined as a pictorial representation or a diagram that represents data or values in an organized manner
Report	A spoken or written account of something that one has observed, heard, done, or investigated.
Analyse	Examine (something) methodically and in detail, typically in order to explain and interpret it.

Knowledge item 3: We leave a digital footprint every time we comment, search or upload things on the internet. So beware!

Knowledge item 4: You can use online survey software to set up a survey, like Forms or Google Slides.

Knowledge item 1: A survey is a tool to collect information about a question. It can be completed on paper or online. You ask questions to get answers.

Questions Responses

Year 3 and 4 Favourite Food

This is a survey to see what year 3 and 4 favourite food is.

1. Are you an adult or a child? *

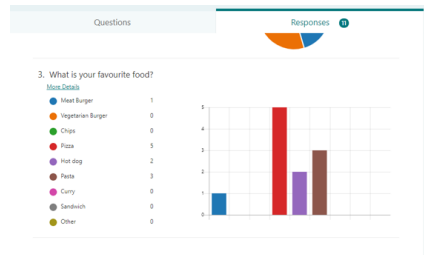

Adult

Child

2. Are you male or female? *

Male

Knowledge item 5: The online survey software represents the information in graphs which you can use to analyse the information.

Knowledge item 2: There are good and bad survey questions.

Bad survey questions include:

- Asking for personal information.
- Asking for opinions to be written down
- Not giving enough choice

Good survey design

Look at the survey questions below. Which questions are good survey questions? Which questions are bad survey questions? Why?
